3M™ Lane Marking Tapes

Fast, flexible and durable lane marking tapes for no compromises.

PRODUCTS SHEET

Mark your floors with the power of 3M tapes. From heavy traffic and pallet drag to colours and patterns for pipe marking, we have a tape to suit.

Safety: keep everyone safe at all times.

Optimise: optimise your workflow.

Easy Application: save time & labour costs.

Easy Removal: change layouts fast.

No Mess: unlike using paint.

Avoid wasting your time and money with paint.

In this simplified line, you will find a range of characteristics such as adhesive holding power, vivid colours for visibility and clean removal to meet different application requirements for virtually every industrial and consumer application.

3M™ lane marking products also feature:

- Excellent abrasion resistance.
- Quick stick and excellent holding strength.
- One-piece, clean removal from many surfaces.

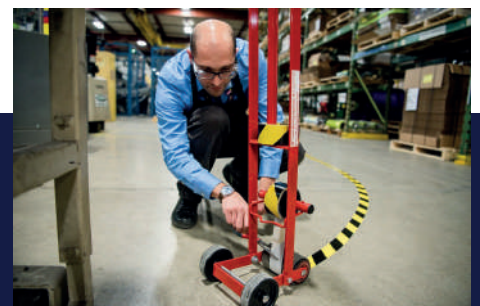

On the overleaf there is just a small selection of our most popular lane marking tapes. We offer many more products within this range. If you have a requirement you would like to discuss please contact your Area Sales Manager or nearest branch.

General marking applications

Withstands lifting from forklift traffic

Ideal for curved and irregular surfaces

3M™ General Purpose Vinyl Tape

764

For safety marking & colour coding applications

- Cost-effective general purpose lane marking
- Clean removal
- Conformability, instant adhesion and easy unwind
