Sealed Air Mail Lite® Padded Bags

Protective 100% Paper lined and Aircap bubble lined mailers for every application

PRODUCTS SHEET

Mail Lite products from leading brand Sealed Air, represent the most complete line of cushioned, non-cushioned and rigid protective mailers. Products protected by Sealed Air packaging solutions ship more efficiently and arrive safer. Benefits include -

Save time: Enabling a 2-step packaging process vs. a 6-step process that you would have with cartons.

Protection: Providing excellent long lasting protection for a wide variety of items - full range of sizes are available.

Reduced costs: Designed to reduce shipping and handling costs. Save on both packaging and postage costs. Mail Lite can save you over 35% against traditional packaging due to the unrivalled quality

Mail Lite products have earned the confidence of small parcel shippers in a diverse array of industries.

Mail Lite bags and envelopes are the only mailers lined with AirCap® bubble material with a special air retention barrier. The difference is in the barrier - it provides better, long lasting protection.

Sealed Air Mail Lite Bags also enable:

- Improved productivity
- Reduced waste compared to other packaging solutions

On the overleaf there is just a small selection of our Sealed Air Mail Lite Padded Bags. We offer many more products within this range. If you have a requirement you would like to discuss please contact your Area Sales Manager or nearest branch.

Sizes available to suit any application

Bubble lined with air retention barrier

Light weight packaging solution
