

Scotch®

**Clean Removal
Strapping Tape 8899HP**

**Holds strong.
Removes cleanly.**

Get the job done right the first time.

- Secures product components during manufacturing and shipping
- Easy-to-apply
- Won't leave behind residue or stain surfaces*

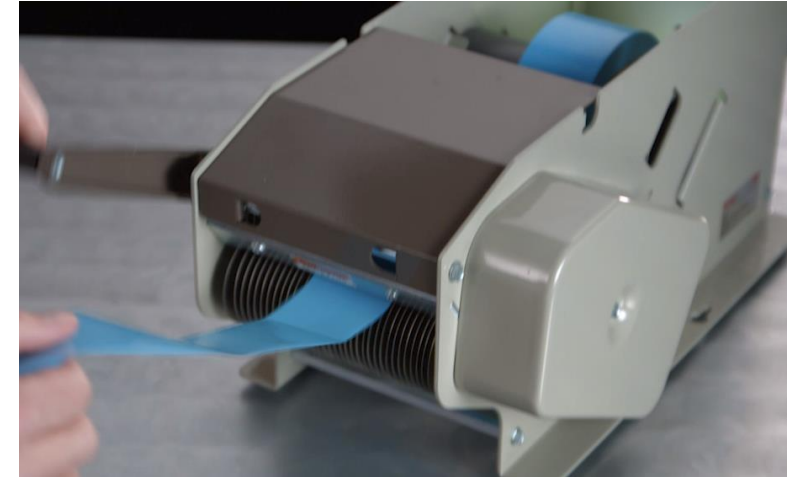

* 3M suggests evaluating 8899HP on the specific surface to determine suitable performance in the application.

Easy to apply. Dependable.

- Special polypropylene film backing provides proper stiffness and resists abrasion, moisture and scuffs
- Easy to apply, saves time and eliminates the need for rework
- Available in a variety of widths and colors to fit your manufacturing and shipping applications
- Proprietary 3M pressure-sensitive rubber adhesive is specifically formulated to adhere evenly to surfaces

Clean Removal Strapping Tape 8899HP

Removes cleanly* from the following surfaces:

Painted metals

Vinyl

Powder coated paints

Plastics

Glass

Stainless steel

* 3M suggests evaluating 8899HP on the specific surface to determine suitable performance in the application.

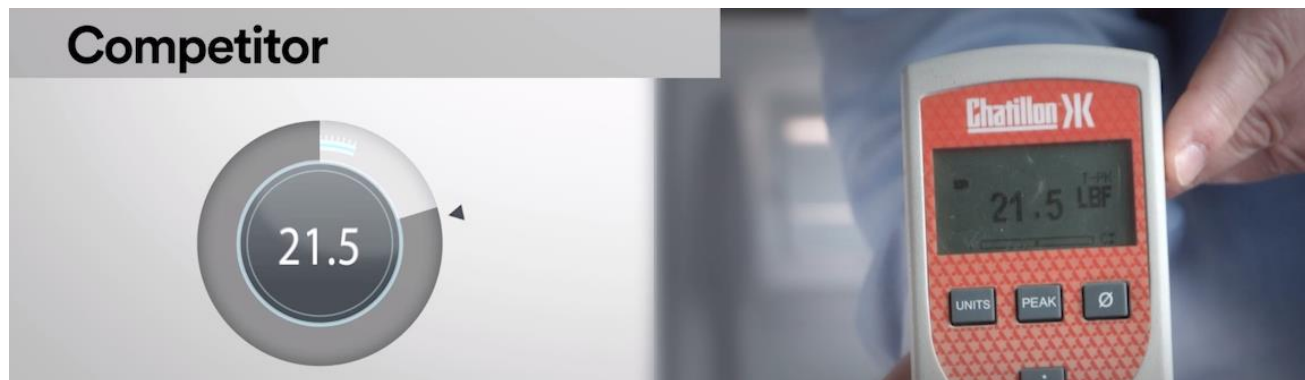

Higher Shear Strength vs. Competition

- ✓ Fewer Pop-offs
- ✓ Less Damage

Scotch® Clean Removal Strapping Tape 8899HP

Competitor

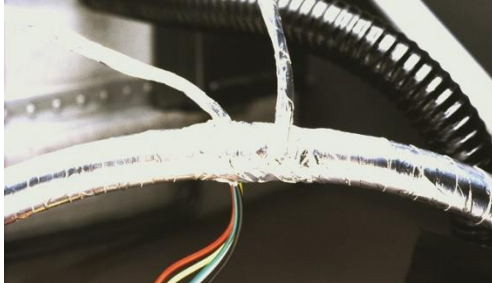

Note: 3M suggests evaluating 8899HP on the specific surface to determine suitable performance in the application.

Applications in the following markets:

Appliance

Electronics

Metal Processing

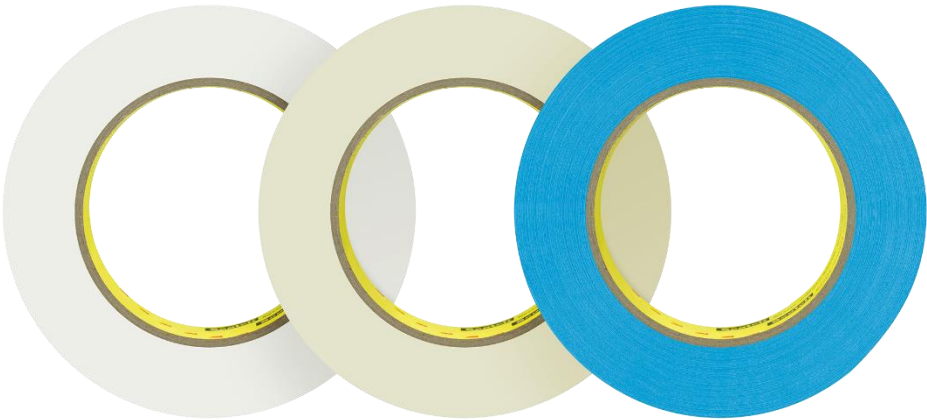

Automotive

- Holding of appliance and electronic parts during processing or shipment, such as drawers, doors and cables
- Secure racks, shelves, drawers and doors from plant to install, then remove cleanly with no adhesive residue
- Narrow width coil closure or coil tabbing

Superior Performance. High Strength.

- **Colors:** Blue, White, Ivory
- **Widths:** 12 mm, 24 mm, 36 mm, 48 mm, 72 mm and log roll*
- **Length:** 55 m
